## NATURAL-R Butcher's Shop

Arena Luci presents its new T8 LED tubes range, which is dedicated to the illumination of displayed foodstuffs. These products are the result of accurate lighting engineering research, and are specifically designed to augment the visual appearance of food on display. Research shows that we judge a product's quality by looking at its appearance, therefore, exalting food freshness and appearance is crucial to captivate customers during their shopping experience. Arena Luci makes available a wide range of T8 LED tubes that are the ideal for butcher shops, bakers, food retailers and supermarkets. These products thanks to their specific luminous spectrum and the lack of UV and IR rays, increase cost-efficiency, as cooling systems work less.

Code	Input Volt	Color Temperature	Lenght	Watt	LED Chip	Beam Angle	Body Material	Insulation Class	IP Grade	IK Grade
LLF1524-R	220-240 Vac	Natural Pink	150 cm	24 W	SMD LED	120°	Alluminio	II	IP40	06
LLF1220-R	220-240 Vac	Natural Pink	120 cm	20 W	SMD LED	120°	Alluminio	II	IP40	06
LLF0916-R	220-240 Vac	Natural Pink	90 cm	17 W	SMD LED	120°	Alluminio	II	IP40	06
LLF0611-R	220-240 Vac	Natural Pink	60 cm	11 W	SMD LED	120°	Alluminio	II	IP40	06
