# 19-inch rack mounted lighting controller

Derived from the DINA-DR1, the DINA-SR1 offers the same possibilities in a different housing format. When the DR1 has been designed for DIN rail mounting the SR1 comes in a 19-inch rack format.

SR1	2000 SCENES	20 ZONES	3072 CHANNELS

The perfect lighting control solution for integration with

AV and home automation installations

The DINA-SR1 offers the same features as the DINA-DR1 (3072 channels, DALI, LED pixel, Audio, TCP, ports...) but with a strong metal housing.

This versionhas been specifically designed for 19-inch rack installations and can easily be integrated with other systems: AV, home automation...

The use of standard connectors like XLR for DMX or mini-jack 3.5mm for Audio offers a perfect compatibility with AV installations.
