

POWER SUPPLY IP56 FOR ACQUA CONTROL2

Transformer for led lamps specific for swimming pools, equipped with tin container and connection clamps. Safety transformer from 220-240 to 12Vac. Available 100W or 300W output.

TECHNICAL SPECIFICATIONS

Input / Output voltage	220/ 240 Vac / 12 Vac
Frequency	50-60 Hz
Electricity supply	8, 75 / 25 A
Power consumption	100 / 300 W
Material	ABS
Dimension	200 x 155 x h80 mm
Weight	2,2 / 3,5 Kg
Electricity connection	Terminal Screw
Protection level	IP 56
Using temperature	-10 °C - +35°C
Insulating class	I class
